

# Ruslan Garibov

## Full-Stack Web Developer (PHP, MySQL, Vanilla JS)

Remote (Azerbaijan) | Email: [ruslankaribov@gmail.com](mailto:ruslankaribov@gmail.com) | Portfolio: <https://devcraft.digital>

### Professional Summary

Full-stack web developer building production websites and internal web systems using PHP, MySQL, and vanilla JavaScript. Focused on clean architecture, performance, technical SEO, and practical security. Experienced in API integrations (REST, webhooks) and delivering full-cycle projects - from UI and backend logic to deployment, SEO structure, and PWA features.

### Core Skills

**Back-end:** PHP, MySQL, REST APIs, CRUD, server-side validation

**Front-end:** HTML, CSS, vanilla JavaScript, responsive layouts

**Integrations:** CRM (amoCRM), webhooks, lead forms

**SEO:** Technical SEO, internal linking, schema.org, Core Web Vitals

**DevOps:** Apache/Nginx basics, SSL/TLS, DNS, hosting setup

**PWA:** Service workers, offline pages, caching, install prompts

**Security (practical):** input validation, XSS/SQLi prevention patterns, RBAC basics

### Experience

**Freelance Full-Stack Web Developer** — Independent / Copy Hub | 2022 - Present

- Build full-cycle websites and internal web tools: UI, PHP backend, MySQL schemas.
- Design SEO-ready site structures with semantic pages and internal linking.
- Implement secure forms, authentication basics, and role-based access logic.
- Integrate APIs and CRM workflows: webhooks, lead pipelines, notifications.
- Deliver PWA features including offline mode and controlled update flows.

### Selected Projects

#### Live Projects

- **DevCraft Digital** — <https://devcraft.digital> — Demo platform with business-oriented web systems: backend logic, admin workflows, security-aware architecture.
- **MedZapis** — <https://medzapis.com> — Online medical appointment platform (Azerbaijan): doctor profiles, booking, scheduling logic.

#### Archived / Client Projects (completed earlier; services are no longer active)

- **Insanmed.ru** — Medical clinic website rebuilt from scratch: SEO structure, internal linking, schema, performance optimization.
- **Dentalic.ru** — Dentistry website: structure, coding, SEO pages, blog integration, performance improvements.
- **Krzamok.ru** — Locksmith service website with lead forms and SEO structure.
- **Woofwings.club** — Business/club website with custom layout and content structure.
- **Autokosmetolog.ru** — Automotive detailing service website with SEO-optimized pages.

### Education

**Tyumen State Oil and Gas University** — Higher Education Diploma (2009)
